CAREER OBJECTIVE

Motivated 3rd-year B.Tech Computer Science and Engineering student with a foundation in programming, web technologies, databases, and data structures. Interested in software development and problem-solving, with a focus on strengthening Java programming skills through hands-on practice and projects. Seeking internship and entry-level opportunities to apply technical knowledge, gain practical experience, and continuously learn new technologies.

EDUCATION

B.Tech – Computer Science and Engineering

JNTUH University College of Engineering Jagtial

3rd Year | 5th Semester | Currently Pursuing

TECHNICAL SKILLS

Programming Languages: C, Embedded C, Java, Python

Web Technologies: HTML, CSS

Database: SQL

Core Concepts: Data Structures, Problem Solving

Tools/Technologies: Arduino, Git, GitHub

PROJECT

Smart Street Light System with Flood Detection — Academic Mini Project

- Developed a smart street light system that controls street lights based on surrounding light conditions.
- Integrated flood detection to identify rising water levels and provide an alert.
- Used Embedded C for project implementation.
- Used Arduino, LDR Sensor, IR Sensor, Water Level Sensor, LED, and Buzzer.
- Contribution: Implementation and testing of the project system.

INTERNSHIP

Full Stack Web Development Intern — Future Interns

- Working on practical web development tasks as part of the internship program.
- Developing a Personal Professional Portfolio Website using HTML, CSS, and JavaScript.
- Implemented a contact form with email notifications using Formspree.
- Using GitHub for project source-code management.

AREAS OF INTEREST

Software Development | Java Development | Web Development | Problem Solving | Database Management

SOFT SKILLS

Determination | Patience | Problem Solving | Willingness to Learn | Teamwork

LANGUAGES

Telugu | English | Hindi

HOBBIES

Listening to Music | Watching Educational Videos
